

Mill Edge Stainless Steel Coil In Construction

Our Product Introduction

more products please visit us on stainless-steel-sheetcoil.com

Basic Information

- Place of Origin: china
- Brand Name: TAIDING
- Certification: ISO, SGS, BV
- Model Number: TAI-3
- Minimum Order Quantity: 1Ton
- Price: Negotiable
- Packaging Details: Wooden pallet ,Wooden box or according to customer's request
- Delivery Time: 7-15 Days
- Payment Terms: T/T, Western Union
- Supply Ability: 20000 Ton/Tons per Month

Product Specification

- Application: Construction, Decoration, Industry, Etc.
- Length: 1000-6000mm
- Package: Standard Export Seaworthy Package
- Edge: Slit Edge, Mill Edge
- Surface Treatment: Polishing, Galvanizing
- Technique: Cold Rolled Hot Rolled
- Highlight: **mill edge stainless steel coil,**
construction stainless steel coil

Product Description

Product Description:

Stainless Steel Coil

Stainless steel coils are available in two main types: cold rolled and hot rolled. Cold rolled stainless steel coils are produced by cold rolling, annealing, pickling, and skin passing processes. Cold rolling is a process of reducing the thickness of hot-rolled coils. Hot rolled stainless steel coils are produced by hot rolling, annealing, and pickling processes. They are mainly used in applications requiring excellent surface quality and superior mechanical properties. Our stainless steel coils come in various sizes and edge types, including Slit Edge and Mill Edge, and are available in ASTM, AISI, DIN, EN, GB, and JIS standard. They are also certified by ISO, SGS, and BV. The width of the coils range from 1000mm to 1500mm. We offer competitive Stainless Steel Coil Price and 316 Stainless Steel Coil Price Per Kg.

Applications:

TAIDING offers a wide range of high-quality stainless steel coils, with Brand Name jans-steel, Model Number 304, Place of Origin china, Certification ISO, SGS, BV, Minimum Order Quantity 5-T, Price Negotiable, Delivery Time 15 worker day, MOQ 1 Ton, Payment Terms T/T, L/C, Western Union, MoneyGram, Edge Slit Edge, Mill Edge. Our stainless steel coils are produced with the highest quality standards and are ideal for a wide range of industrial applications. They are corrosion-resistant and have excellent strength and durability. They are also perfect for use in a variety of applications, such as in the food industry, automotive industry, and medical industry. As one of the leading stainless steel coil suppliers, jans-steel provides customers with competitive prices and excellent customer service. Our stainless steel coils are available in a wide range of sizes and grades, and can be customized to meet your specific requirements. We are committed to providing customers with the highest quality products at the best prices. Contact us today to learn more about our stainless steel coil price and to get a free quote.

Technical Parameters:

Parameter	Value
Certification	ISO, SGS, BV
Surface Treatment	Polishing, Galvanizing
Delivery Time	7-15 Days
Thickness	0.3-3mm
Width	1000-1500mm
Price	Negotiable
Material	316 Stainless Steel
MOQ	1 Ton
Length	1000-6000mm
Edge	Slit Edge, Mill Edge

Customization:

Welcome to TAIDING! We provide custom services for our Stainless Steel Coil. Our products are made with high quality 304 Stainless Steel Coil, certificated by ISO9001. The minimum order quantity is 5-T and the price is negotiable. The delivery time is 15 worker day and the MOQ is 1 Ton. The package is standard export seaworthy package. The width is 1000-1500mm and the standard is ASTM, AISI, DIN, EN, GB, JIS. If you are looking for a reliable supplier of 304 Stainless Steel Coil, please contact us to get the best Stainless Steel Coil Price.

Support and Services:

Technical Support and Service for Stainless Steel Coil

We provide technical support and services for Stainless Steel Coil. Our team of engineers and technicians can help you to choose the right coil for your application, provide technical assistance, and answer any questions you have about product performance and installation.

We also provide on-site services for installation, maintenance, and repair of Stainless Steel Coil. Our experienced technicians can ensure that your coil is installed correctly and safely, and provide any additional maintenance or repair when needed.

If you need any further assistance, please don't hesitate to contact us. We are always here to help.

Packing and Shipping:

Packaging and Shipping for Stainless Steel Coil:

The stainless steel coil is usually packed in wooden box with foam inside. The box is wrapped with plastic film and then fixed with steel belt. The box is then loaded onto the truck for delivery.
